

## Heavy Duty Electronic Wireless Crane Scales

SENS **CS-T Plus** is an established, economical choice for many medium to heavy capacity crane scale needs, and offers a marine-grade alloy enclosure that's ideal for fishing and marine environments. No other crane scale compares with the advanced features and benefits provided by the SENS CS-T+

### FEATURES:

- High-strength load receptor
- Aluminum die-casting case
- High quality Alloy Steel Loadcell
- 35mm /1.4" Ultra-bright Led display Module
- 360 Rotatable Hook
- Infrared remote controlling
- Max Capacity: 1000kg
- Accuracy / Resolution: 0.5KG
- Size: 61x31x30cm
- Wireless Distance Up to 200m without obstacle

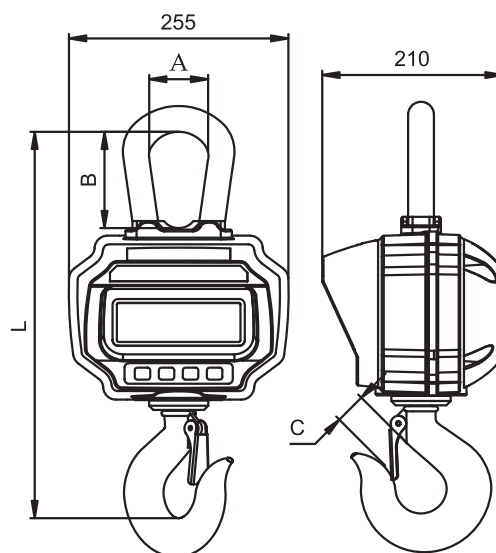

### SPECIFICATIONS:

SENS CS-T+	Model Info.
Display	30mm Clear LED display
Functions	Wireless Hand Held indicator, Zero, Digital calibration, Tare, 3-Point Calibration, Hold, Unit Switch, Battery Supervision, Resolution switch, Overload Alarm / record, Gravity Acceleration Set
Body Structure	Die-Casting Aluminum Case with Stainless Steel Shackle, Alloy Steel Rotatable Hook
Accuracy Class	OIML III Standard
Selectable Units	kilograms (kg), pounds (lb)
Overload	Over Load Protection and Alarm
Temperature Range	-10°C ~ +40°C
Battery	6V/4Ah (rechargeable) Battery life 80 Hours
Others	Infrared Remote Control and Adaptor DC7.2V

Capacity & Division	2 ton / 1kg 0.5 kg	3 ton kg / 1kg 0.5 kg
	5 ton / 2kg-1kg
